3. Persons, Groups, Systems Affected

All agencies within the Executive Branch of Indiana State Government

4. Policy

The State of Indiana has selected Dell as the standard for Intel processor-based server hardware running Microsoft Windows or Red Hat Enterprise Linux. For specific scenarios like SAP Hana or VMware vSphere, the Cisco Systems Unified Computing Solution may be used.

The current support standard configurations are:

Dell PowerEdge T440, Dual Processor, Tower, Config To Order (CTO)

Dell PowerEdge R740, Dual Processor, 2U rack mountable, Config To Order (CTO)

Cisco UCS B-Series M-Model Blades, Config-To-Order (CTO)

At this time, the State of Indiana does not authorize the use of AMD processors in server platforms.

5. Responsibilities
